Customer Complaints or Report Corrections

Questions, complaints, or requests to correct inspection information may be submitted to **kl@firedoornation.com**

. Include the facility name, Job ID, applicable Firestop Finding ID and the specific item being questioned so the record can be reviewed against the inspection documentation.

This report is prepared for the client identified in the report and documents conditions observed during inspection of the listed firestop findings. Results pertain only to the specific items evaluated and conditions reasonably observable at the time of inspection. Final code interpretation, repairs, alterations and acceptance remain subject to applicable listings, manufacturer requirements, adopted codes and standards and Authority Having Jurisdiction requirements.

Certification statement: The preparer certifies that this report is a true representation of the inspection information recorded for the listed firestop findings.
